

An aerial photograph of a modern building's rooftop playground. The building's facade is a dark red color with a grid-like pattern of windows. The playground is a large, circular area with a red safety mat and red metal railings. It features various play structures, including slides and climbing frames. The word 'jajaja' is written in large, white, lowercase letters across the center of the playground. In the background, there is a body of water, a dock with several boats, and other buildings in an urban setting.

Efter endt pilotprojekt, vil projektet enten blive tilbageført med en generel opgradering eller blive omdannet fra midlertidig til permanent gaderum. Dette for at sikre, at de midler der går ind i det midlertidige projekt, også giver en kvalitet efter pilot projektet.

An aerial photograph of a modern building's rooftop playground. The building's facade is a dark red color with a grid-like pattern of windows. The playground is enclosed by a red metal railing and features a red rubber safety mat. The word "jajaja" is written in large, white, lowercase letters across the center of the playground. In the background, there is a body of water, a dock with several boats, and other buildings, including a prominent white building with a grid-like facade and a taller building with a black and white checkered pattern. The scene is captured from a high angle, looking down at the playground.
